

AN IMPORTANT MESSAGE FROM YOUR UNION

# Working Families Are Under Attack

## JOIN THE LABOR ACTION TEAM

The Kasich Administration and the Republican controlled General Assembly have laid out an anti-worker agenda designed to payback their political big-business allies at the expense of creating good jobs and strong communities. **Labor Action Teams** are being formed locally in all 99 state legislative House districts to defend against these attacks to working families.

All trade unionists and allies whom are committed to taking action on behalf of working families are encouraged to join a **Labor Action Team**. Members will be called on regularly to meet with their state legislators in the home districts, mobilize calls, walks, workplace actions, organize rallies and demonstrations and attend town hall meetings.
