

# Contract Action Team

Cincinnati Federation of Teachers  
Association of Cincinnati Public School Office Personnel

CFT and ACPSOP are preparing to negotiate a new collective bargaining agreement with CPS. In order to **win a contract that is good for students and fair to teachers and office personnel**, we need every member to be actively involved. The CFT/ACPSOP Contract Action Team will **mobilize members, parents and the community** to support our efforts for a fair and equitable contract.

The current economic and political climate present unique challenges as we enter into negotiations. We intend to **work collaboratively with the district** to craft an agreement that will help students succeed, while also respecting the professionalism of our members.

Your support is critical to achieve these goals. **Please become a Contract Action Team member today.**

**YES, count me in! I want to help secure a fair contract and be a member of the *Contract Action Team*.**

**Send me bargaining updates and news of *Contract Action Team* activities.**
